

Thank you from the bottom of my feet!

August 19, 2005

Dear Kevin,

I'd thank you more,
but my feet don't ^{go}
down any lower.

Wow - what a relief! Thank you
so much for casting me and fixing
my toe. You were right - the relief
was almost immediate. My brain
is working much better now that the
daggers are gone! ☺

Thank you again - so much!
